The Learning Process

nowUKan provides a proven, step-by-step, intuitive language journey that builds confidence, vocabulary, and pronunciation accuracy for real-world communication skills.

1. Native Language Selection

During setup, users select their native language to provide navigation and learning support throughout their learning journey.

2. Home Dashboard

Provides easy topic selection, quick access to our language essentials and displays the virtual rewards the user has earned.

3. Topic Selection

Allows the user to choose a real-world topic or core language essentials, then follow the on-screen guidance.

4. Skill Level

Select Basic, Intermediate or Advanced so that the content matches the user's current level of fluency.

5. Lesson Flow

Our four-stage sequence Words, Phrases, Dialogue, and QUICKFIRE –builds vocabulary, confidence, and memory recall.

6. Words Introduction

The first stage introduces key vocabulary related to the chosen topic. The phrases and dialogue then reinforce this vocabulary.

7. Speak & Record

Listen to words and phrases, record your pronunciation, hear yourself back and repeat as required.

8. Feedback

Receive detailed pronunciation feedback and encouragement to help motivate continued learning.

9. Dialogue Practice

Practise guided conversations using vocabulary from the first two stages.

10. Phonetic Breakdown

View detailed phoneme analysis to understand where improvements can be made.
